Corporate Governance Highlights

Our Board of Directors has adopted governance policies that we believe are in the best interests of our stockholders, including:

- **Annual election of all Directors.**
- **Majority vote standard in uncontested elections.**
- **Independent, involved and informed Board of Directors.**
 - All directors currently serving as directors, other than our CEO, are independent.
 - All of our directors who served on the Board during 2017 attended 100% of the meetings of the Board of Directors and committees of the Board of Directors on which they served.
 - Our directors participate in ongoing director education.
- **Independent Chairman.**
- **Independent Board committees.**
 - Our three active standing Board committees are comprised solely of independent directors.
- **Executive sessions of independent directors are held at each regularly scheduled Board meeting.**
- **Annual Board and committee self-evaluations.**
- **Board oversight of risk management.**
- **Common stock is the only class of voting securities outstanding.**

In addition, the members of the Nominating and Corporate Governance Committee continue to improve corporate governance. Examples of past improvements to the Company's compensation and governance programs include the following:

- **Director Holdover Resignation Guidelines:** Effective February 2017, the Company amended its Corporate Governance Guidelines (the "Guidelines") to establish a policy whereby the Board of Directors will be required to accept a resignation tendered by a nominee who is already serving as a Director if such nominee shall have received more votes "withheld" with respect to that nominee than "for" his or her election at each of two consecutive annual meetings of stockholders.
- **Limitations on Stockholder Rights Plans:** Effective February 2016, the Company amended its Guidelines to establish a policy prohibiting the Board of Directors from adopting a stockholder rights plan, also known as a "poison pill," without prior stockholder approval, unless the plan provides that it will expire within 12 months of adoption absent ratification by the Company's stockholders prior to expiration. The complete text of the Guidelines is set forth on the Company's investor relations website.
- **Right of Stockholders to Amend Company Bylaws:** Effective February 2015, the Company amended its bylaws to provide that the bylaws may be amended, altered, repealed or rescinded (a) by the Board of Directors *or* (b) by the stockholders, by the affirmative vote of a majority of all the votes entitled to be cast generally in the election of directors, except with respect to amendments to the provisions of our bylaws regarding our opt out of the Maryland Business Combination and Control Share Acquisition Acts, which must be approved by the affirmative vote of a majority of votes cast by stockholders entitled to vote generally in the election of directors. The Board of Directors believes this change to the Company's bylaws further demonstrates the Company's commitment to accountability of corporate directors and officers.
- **Restrictions on Classifying Directors:** Effective April 2013, the Company filed articles supplementary to its charter to prohibit the directors of the Company from being divided into classes pursuant to Title 3, Subtitle 8 of the Maryland General Corporation Law (the "MGCL"). The prohibition on classification may not be repealed unless the repeal of such prohibition, or the classification of the directors pursuant to Section 3-803 of the MGCL, is approved by the affirmative vote of at least a majority of the votes cast on the matter by stockholders of the Company entitled to vote generally in the election of directors.

Our Compensation Practices

Objectives. We seek to attract, motivate and retain our Named Executive Officers ("NEO" or "NEOs") through competitive compensation arrangements that we believe, within appropriate risk parameters, provide strong financial incentives for the executive officers to maximize stockholder value. In order to achieve our objectives and mitigate compensation risks to our stockholders, we utilize the following practices:

What we do:

- **We pay for performance.** Our executive compensation program is weighed towards variable, rather than fixed, compensation. Specifically, the variable portion of our executive compensation program is designed to reward performance relative to financial, stockholder return, and other metrics that we believe best align management with stockholder interests.
- **We hold an annual say-on-pay vote.** We conduct an annual "say-on-pay" advisory vote to solicit our stockholders' view on our compensation programs.
- **We solicit independent compensation advice.** Our Compensation Committee retains FPL Associates L.P., or FPL, an independent compensation consultant, for purposes of advising and consulting with respect to the compensation of our NEOs.
- **We require our CEO and other executives to have a meaningful ownership interest in the Company.** Our executive officer stock ownership policy requires that on or before January 1 of the year following the fourth anniversary of the CEO or other executive officer's appointment to such position (i) the CEO will own and retain shares of the Company's common stock having a value equal to at least six times his or her annual base salary, (ii) each Executive Vice President will own and retain shares of the Company's common stock having a value equal to at least three times his or her annual base salary, and (iii) each Senior Vice President will own and retain shares of the Company's common stock having a value equal to at least two times his or her annual base salary. Our Compensation Committee believes that requiring the CEO and other executive officers to maintain a meaningful ownership interest in the Company aligns the interests of the CEO and other executive officers with those of our stockholders.

What we do not do:

- **We do not provide guaranteed incentive compensation.** There are no minimum payout levels on either our annual incentive bonus plan or our equity incentive award plan.
- **We do not allow hedging or significant pledging of Company stock by officers and directors without prior approval.** Our officers and directors are prohibited from engaging in hedging transactions designed to offset decreases in the market value of our stock or pledging a significant amount of our stock without prior approval from our Chief Financial Officer at least one month prior to the proposed transaction.
- **We do not pay “gross ups” for change in control or severance payments.** We do not provide excise or other tax “gross up” payments in connection with any change in control or severance payment made to an NEO.
- **We do not make “single trigger” cash payments upon a change in control.** The employment and severance agreements with our NEOs require a “double trigger” (requiring both a change in control and termination of employment) for cash and severance payments following a change in control.

QUESTIONS AND ANSWERS ABOUT HOW TO VOTE YOUR SHARES

What matters will be voted on at the annual meeting?

The annual meeting of stockholders will be held for the following purposes:

1. Election of eight directors to serve until the next annual meeting and until their successors are elected and qualified;
2. Ratification of the Audit Committee's appointment of Ernst & Young LLP to act as the independent registered public accounting firm for the fiscal year ending December 31, 2018;
3. Advisory vote to approve the compensation of Sunstone's NEOs, as set forth in this proxy statement; and
4. Transaction of other business as may properly come before the annual meeting, including any motion to adjourn to a later date to permit further solicitation of proxies, if necessary, or before any adjournment or postponement thereof.

With respect to any other matter that properly comes before the meeting or any adjournment or postponement thereof, the representatives holding proxies will vote as recommended by the Board of Directors, or if no recommendation is given, in their own discretion.

Who is entitled to vote?

Stockholders of record of our common stock as of the close of business on March 13, 2018, or the record date, are entitled to vote on matters that properly come before the meeting. Shares of common stock can be voted only if the stockholder is present in person or is represented by proxy. At the close of business on the record date, there were 225,617,772 shares of common stock outstanding and entitled to vote. The holders of common stock will vote together as a single class on all matters that properly come before the meeting.

How many votes do I have?

Each share of common stock has one vote.

How do I vote?

You can ensure that your shares are voted at the meeting by completing, signing, dating and returning the enclosed proxy form in the envelope provided.

If you own your shares through a bank or broker, you may be eligible to authorize a proxy to vote your shares electronically over the internet or by telephone. A large number of banks and brokerage firms are participating in the ADP Investor Communication Services, or ADP, online program. This program provides eligible stockholders who receive a paper copy of the Annual Report and proxy statement the opportunity to authorize a proxy to vote via the internet or by telephone. If your bank or brokerage firm is participating in ADP's online program, your voting form will provide instructions. Stockholders who authorize a proxy to vote through the internet or telephone should be aware that they may incur costs to access the internet, such as usage charges from telephone companies or internet service providers, and that these costs must be borne by the stockholder. Stockholders who authorize a proxy to vote by internet or telephone need not return a proxy card by mail. If your voting form does not reference internet or telephone information, please complete and return the paper proxy card provided by your bank or broker.

If you attend the annual meeting in person, you may request a ballot when you arrive. If your shares are held in the name of your bank, broker or other nominee, prior to attending the meeting you need to request a legal proxy from your bank, broker or nominee as indicated on the back of the Voter Information form you received with your proxy material. The legal proxy must be presented to vote these shares in person at the annual meeting. If you have previously authorized a proxy, you may still vote in person at the annual meeting, which will serve as a revocation of your previous proxy.

Does Sunstone have a policy for confidential voting?

Sunstone has a confidential voting policy. All proxies and other materials, including telephone and internet proxy authorization, are kept confidential and are not disclosed to third parties. Such voting documents are available for examination by the inspector of election and certain personnel associated with processing proxy cards and tabulating the vote. We plan to appoint one inspector of election who will review and confirm the tabulation of votes at the annual meeting.

What if I return my proxy but do not mark it to show how I am voting?

If your proxy card is signed and returned without specifying your choices, your shares will be voted as recommended by the Board of Directors.

What are the Board of Directors' recommendations?

The Board of Directors recommends that you vote FOR each of the nominees for director in Proposal 1; FOR Proposal 2 to ratify the Audit Committee's appointment of Ernst & Young LLP to act as the independent registered public accounting firm for the fiscal year ending December 31, 2018; and FOR Proposal 3 to approve, on a non-binding, advisory basis, the compensation of our NEOs as set forth in this proxy statement.

What vote is required to approve each proposal?

Election of Directors: There is no cumulative voting in the election of directors. A director shall be elected by an affirmative vote of a majority of the votes cast at a meeting of stockholders duly called and at which a quorum is present; that is, a nominee will be elected as a director only if the number of votes cast "for" such nominee exceeds the number of votes "withheld" with respect to that nominee. Any shares not voted (whether by abstention, "broker non-vote" (i.e., shares held by a broker or nominee which are represented at the meeting, but with respect to which such broker or nominee is not instructed to vote and has not voted on a particular proposal, or otherwise) have no effect on the vote.

Ratification of Appointment of Independent Registered Public Accounting Firm: This proposal requires the affirmative vote of a majority of the votes cast at a meeting of stockholders duly called and at which a quorum is present. Any shares not voted (whether by abstention, "broker non-vote" or otherwise) have no effect on the vote.

Advisory Vote on Executive Compensation: This proposal requires the affirmative vote of a majority of the votes cast at a meeting of stockholders duly called and at which a quorum is present. Any shares not voted (whether by abstention, "broker non-vote" or otherwise) have no effect on the vote.

What constitutes a quorum?

The presence of the owners of at least a majority (greater than 50%) of the aggregate number of shares of common stock entitled to vote at the annual meeting constitutes a quorum. Presence may be in person or by proxy. You will be considered part of the quorum if you return a signed and dated proxy card, if you authorize a proxy to vote by telephone or the internet, or if you attend the annual meeting.

Abstentions and "broker non-votes" are counted as present and entitled to vote for purposes of determining a quorum. A "broker non-vote" occurs when the broker or other entity is unable to vote on a proposal because the proposal is non-routine and the owner does not provide instructions. Rules of the New York Stock Exchange, or NYSE, determine whether proposals presented at stockholder meetings are "routine" or "non-routine." If a proposal is routine, a broker or other entity holding shares for an owner in street or beneficial name may vote on the proposal without voting instructions from the owner. If a proposal is non-routine, the broker or other entity may vote on the proposal only if the owner has provided voting instructions. The ratification of independent public accountants is generally a routine matter whereas the election of directors is not considered a routine matter. There are no rights of appraisal or similar dissenters' rights with respect to any matter to be acted upon pursuant to this proxy statement.

What if other items come up at the annual meeting and I am not there to vote?

We are not now aware of any matters to be presented at the annual meeting other than those described in this proxy statement. When you return a signed and dated proxy card or provide your voting instructions by telephone or the internet, you give the proxy holders (the names of whom are listed on your proxy card) the discretionary authority to vote on your behalf on any other matter that is properly brought before the annual meeting.

Can I change my vote?

You can change your vote by revoking your proxy at any time before it is exercised in one of four ways:

- Notify Sunstone's Secretary (David M. Klein, c/o Sunstone Hotel Investors, Inc., 120 Vantis, Suite 350, Aliso Viejo, California 92656) in writing before the annual meeting that you are revoking your proxy;
- Submit another proxy with a later date;
- If you own shares through a bank or broker that provides for voting by telephone or the internet, submit your voting instructions again by telephone or the internet; or
- Vote in person at the annual meeting.

What does it mean if I receive more than one proxy card?

Some of your shares are likely registered differently or are in more than one account. You should vote each of your accounts by mail, or if such service is provided by a bank or broker that holds your shares, by telephone or the internet. If you mail proxy cards, please sign, date and return each proxy card to ensure that all of your shares are voted.

If you hold your shares in registered form and wish to combine your stockholder accounts in the future, you should contact our transfer agent, American Stock Transfer and Trust Company, LLC, at 1-800-937-5449. Combining accounts reduces excess printing and mailing costs, resulting in savings for Sunstone, that benefit you as a stockholder.

What if I receive only one set of proxy materials although there are multiple stockholders at my address?

If you and other residents at your mailing address own shares in “street name” (that is, through a broker or other nominee), your broker or bank may have sent you a notice that your household will receive only one Annual Report and proxy statement for each company in which you hold shares through that broker or bank. This practice of sending only one copy of proxy materials is known as “householding.” If you did not respond that you did not want to participate in householding, you were deemed to have consented to the process. If the foregoing procedures apply to you, your broker has sent one copy of our Annual Report and proxy statement to your address. You may revoke your consent to householding at any time by contacting your broker or bank. The revocation of your consent to householding will be effective 30 days following its receipt. **In any event, if you did not receive an individual copy of this proxy statement or our Annual Report, we will send a copy to you without charge if you address your written request to Sunstone Hotel Investors, Inc., 120 Vantis, Suite 350, Aliso Viejo, California 92656, Attention: Secretary.**

How do I submit a stockholder proposal for inclusion in the proxy statement for next year’s annual meeting?

Stockholder proposals may be submitted for inclusion in our 2019 annual meeting proxy statement after the 2018 annual meeting, but must be received no later than November 29, 2018. Proposals should be sent via registered, certified, or express mail to Sunstone Hotel Investors, Inc., 120 Vantis, Suite 350, Aliso Viejo, California 92656, Attention: Secretary. See also “Stockholder Proposals for the 2019 Annual Meeting” later in this proxy statement.

What do I need to do to attend the annual meeting?

If you are a holder of record, you should indicate on your proxy card that you plan to attend the meeting by marking the box on the proxy card provided for that purpose.

For the safety and comfort of our stockholders, admission to the annual meeting will be restricted to:

- Stockholders of record as of the close of business on March 13, 2018 or their duly authorized proxies;
- Beneficial stockholders whose shares are held by a bank, broker or other nominee, and who present proof of beneficial ownership as of the close of business on March 13, 2018;
- Representatives of the press or other news media with proper credentials;
- Financial analysts with proper credentials; and
- Employees and representatives of Sunstone whose job responsibilities require their presence at the meeting.

Please note that space limitations may make it necessary to limit attendance. Admission to the meeting will be on a first-come, first-served basis. No more than two representatives of any corporate or institutional stockholder will be admitted to the meeting.

You may obtain directions to the Hyatt Regency San Francisco hotel in the Investor Relations section of our website at www.sunstonehotels.com or by calling us at 949-330-4000.

If you attend the meeting, you may be asked to present valid government-issued photo identification, such as a driver’s license or passport, before being admitted. Cameras, recording devices, and other electronic devices will not be permitted, and attendees may be subject to security inspections or other security precautions.

PROPOSALS

Proposal 1: Election of Directors

Board of Directors. The business and affairs of Sunstone are managed under the direction of our Board of Directors. Our Board of Directors has responsibility for establishing broad corporate policies and for the overall performance of Sunstone, rather than for day-to-day operating details. Our Board of Directors currently consists of eight directors.

The proxy holders named on the proxy card intend to vote for the election of the eight nominees listed below. The Nominating and Corporate Governance Committee selected these nominees, which selection was ratified by the Board of Directors. If you do not wish your shares to be voted for particular nominees, you can vote “withhold” for the particular nominee provided on the proxy card or, if your shares are held through a bank or broker and you are authorizing a proxy to vote by telephone or the internet, follow the instructions provided when you access the telephone or internet proxy facilities.

If at the time of the meeting one or more of the nominees have become unable to serve, shares represented by proxies will be voted for the remaining nominees and for any substitute nominee or nominees designated by the Nominating and Corporate Governance Committee. If one or more nominees have become unable to serve, the Board of Directors may, in accordance with our bylaws, reduce the size of the Board of Directors or may leave a vacancy until a nominee is identified. Each of the nominees has consented to act as a director if duly elected and qualified and the Nominating and Corporate Governance Committee knows of no reason why any of the nominees will be unable to serve.

Directors elected at the annual meeting will hold office until the next annual meeting and until their successors have been elected and qualified. For each nominee, there follows a brief listing of principal occupation for at least the past five years, other major affiliations, and age as of February 9, 2018. Each of the nominees is currently a director of the Company.

Nominees for Election as Directors.

On February 14, 2011, we announced that we hired Mr. Arabia as Executive Vice President of Corporate Strategy and Chief Financial Officer, and on April 4, 2011 his employment began. On February 15, 2013, he was promoted to President, on February 19, 2014, he was appointed to serve as a member of our Board of Directors, and on January 17, 2015 he was promoted to President and Chief Executive Officer. Prior to joining Sunstone, Mr. Arabia served as Managing Director of Green Street Advisors’ (“Green Street”) real estate research team. Mr. Arabia joined Green Street in 1997 and created and managed the firm’s lodging research platform. Prior to joining Green Street, Mr. Arabia was a Consulting Manager at EY Kenneth Leventhal in the firm’s west coast lodging consulting practice. Voting recommendation. Directors will be elected by a majority of the votes cast. Any shares not voted, whether by abstention, "broker non-vote" or otherwise, will have no impact on the vote.

Our Corporate Governance Guidelines and Bylaws provide a majority voting standard in uncontested director elections. A director nominee will be elected to the Board only if the number of votes cast "for" such nominee's election exceeds the number of votes cast "withheld" with respect to such nominee's election (with abstentions and broker non-votes not counted as votes cast either for or withheld in such election). If an incumbent nominee for director fails to receive the required majority vote in a director election, he or she will tender his or her resignation as a director for consideration by the Nominating and Corporate Governance Committee, and, ultimately, the Board.

In the event any incumbent nominee for director does not receive the requisite majority vote, our Corporate Governance Guidelines and Bylaws provide that our Nominating and Corporate Governance Committee will evaluate the circumstances of the failed election, and will make a recommendation regarding how to act upon the tendered resignation to the full Board, taking into consideration the best interests of the Company and its stockholders. After considering the recommendation of the Nominating and Corporate Governance Committee, the full Board will then act upon the resignation, and will publicly disclose its decision regarding the tendered resignation and its rationale within 90 days of the certification of the election results. If the Board accepts the resignation, the nominee will no longer serve on the Board. If the Board rejects the resignation, the nominee will continue to serve until his or her successor has been duly elected and qualified or until his or her earlier disqualification, death, resignation or removal. Notwithstanding the foregoing, the Board shall be required to accept any resignation tendered by a nominee who is already serving as a director if such nominee shall have received more votes “against” or “withheld” than “for” his or her election at each of two consecutive annual meetings of stockholders for the uncontested election of directors at which a quorum was present.

The Board of Directors recommends that our stockholders vote FOR each of the nominees.

Proposal 2: Ratification of the Audit Committee's Appointment of Independent Registered Public Accounting Firm

The Audit Committee has selected and appointed the firm of Ernst & Young LLP to act as our independent registered public accounting firm for the year ending December 31, 2018. Ernst & Young LLP has audited the financial statements for us since our initial public offering on October 26, 2004.

Although stockholder ratification of the appointment of our independent auditor is not required by our bylaws or otherwise, we are submitting the selection of Ernst & Young LLP to our stockholders for ratification as a matter of good corporate governance practice. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time if it determines that such a change would be in the best interests of the Company. If our stockholders do not ratify the Audit Committee's selection, the Audit Committee will take that fact into consideration, together with such other factors it deems relevant, in determining its next selection of our independent registered public accounting firm.

In selecting Ernst & Young LLP as the Company's independent registered accounting firm, the Audit Committee considered many factors, including the quality of its ongoing discussions with Ernst & Young LLP's representatives, the experience and professional qualifications of Ernst & Young LLP, and Ernst & Young LLP's programs and processes for maintaining its independence. Furthermore, in accordance with Securities and Exchange Commission rules and Ernst & Young LLP's policies, lead engagement partners are subject to rotation requirements to limit the number of consecutive years the lead partner may provide services. For lead audit partners, the maximum number of consecutive years of service in that capacity is five years. We select the Company's lead audit partner pursuant to this rotation policy following meetings between the Chairman of the Audit Committee and candidates for that role, as well as discussions by the full Audit Committee, members of the Board of Directors and management.

Representatives of Ernst & Young LLP are expected to be present at the annual meeting. These representatives will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

You can find more information about our relationship with Ernst & Young LLP on page 50 of this proxy statement.

Voting recommendation. Ratification of the appointment of Ernst & Young LLP requires a majority of the votes cast. Any shares not voted, whether by abstention, "broker non-vote" or otherwise, have no impact on the vote.

The Board of Directors recommends that our stockholders vote FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2018.

Proposal 3: Advisory Vote (Non-Binding) on Executive Compensation

Section 14A of the Securities Exchange Act of 1934, as enacted as part of the Dodd-Frank Wall Street Reform and Consumer Protection Act in July 2010, or the Dodd-Frank Act, requires us to submit to our stockholders a non-binding advisory vote to approve the compensation of the NEOs listed in the Summary Compensation Table of this proxy statement, commonly referred to as a “say-on-pay” vote.

The Board of Directors has approved the submission of the following resolution to the Company’s stockholders for approval at the 2018 annual meeting:

“Resolved, that the stockholders hereby approve, on an advisory basis, the compensation of the Company’s Named Executive Officers as disclosed in the Company’s 2018 proxy statement pursuant to the disclosure rules of the Securities and Exchange Commission (which disclosure includes the Compensation Discussion and Analysis, the Summary Compensation Table and the other executive compensation tables and related discussion).”

As described more fully in the “Compensation Discussion and Analysis” beginning on page 25 of this proxy statement, the Company’s executive compensation program is designed to attract, motivate and retain talented executives through competitive compensation arrangements that, within appropriate risk parameters, provide strong financial incentives for the executive officers, including the NEOs, to maximize stockholder value. The compensation program is designed to achieve these objectives through a combination of the following types of compensation: base salary, annual cash incentive bonus awards and equity incentive awards. Base salary is intended to provide a baseline level of compensation for our NEOs. The remaining types of compensation, which in the aggregate represent the majority of our NEOs’ target total compensation opportunities, tie compensation directly to the achievement of corporate and individual objectives. Highlights of the Company’s executive compensation program include the following:

- **We pay for performance.** Our executive compensation program is weighed towards variable, rather than fixed, compensation. Specifically, the variable portion of our executive compensation program is designed to reward performance relative to financial and other metrics that we believe will result in favorable total stockholder returns.
- **Executives are aligned with stockholders.** A substantial portion of the NEOs’ compensation is linked to the Company’s absolute and relative total stockholder return measured over one, three and five-year periods.
- **We require our CEO and other executive officers to have a meaningful ownership interest in the Company.** Our executive officer stock ownership policy requires that on or before January 1 of the year following the fourth anniversary of the CEO or other executive officer’s appointment to such position: (i) the CEO will own and retain shares of the Company’s common stock having a value equal to at least six times his or her annual base salary, (ii) each Executive Vice President will own and retain shares of the Company’s common stock having a value equal to at least three times his or her annual base salary, and (iii) each Senior Vice President will own and retain shares of the Company’s common stock having a value equal to at least two times his or her annual base salary. Our Compensation Committee believes that requiring the CEO and other executive officers to maintain a meaningful ownership interest in the Company aligns the interests of the CEO and other executive officers with those of our stockholders.
- **We solicit independent compensation advice.** Our Compensation Committee retains an independent compensation consultant, for purposes of advising and consulting with respect to the compensation of our NEOs.

The Compensation Committee and the Board believe that these policies are effective at incentivizing the achievement of the Company’s strong financial performance.

At the 2017 annual meeting, the Company’s stockholders voted in favor of holding annual say-on-pay votes, and following the 2017 stockholder vote, our Board of Directors accepted the stockholders’ advisory vote and resolved to continue to hold annual advisory say-on-pay votes.

Voting recommendation. The affirmative vote of a majority of the votes cast will be required to approve, on a non-binding, advisory basis, the compensation of our NEOs as disclosed in this proxy statement.

The stockholder vote on executive compensation is an advisory vote only, and it is not binding on the Company, the Board of Directors or the Compensation Committee. Although the vote is non-binding, the Compensation Committee and the Board of Directors value the opinions of the stockholders and will consider the outcome of the vote when making future compensation decisions.

The Board of Directors recommends that our stockholders vote FOR the approval (on a non-binding, advisory basis) of the compensation of the NEOs as disclosed in this proxy statement.

COMPANY INFORMATION

Corporate Governance

In light of applicable legal requirements, such as the Sarbanes-Oxley Act of 2002 and related rules promulgated by both the New York Stock Exchange (“NYSE”) and the Securities and Exchange Commission (“SEC”), we provide the following discussion to inform you of our efforts to assure that we employ best practices in our corporate governance. A copy of our Corporate Governance Guidelines is available in the Investor Relations section of our website at www.sunstonehotels.com. In addition, a printed copy of the Corporate Governance Guidelines will be provided without charge upon request to Sunstone Hotel Investors, Inc., 120 Vantis, Suite 350, Aliso Viejo, California 92656, Attention: Secretary.

We have also established conflict of interest and other policies to serve the long-term interests of our stockholders and further align the interests of our directors and management with our stockholders.

Conflict of Interest Policy

We have adopted a policy which provides that the approval of our Nominating and Corporate Governance Committee is required for any transaction involving us and any of our directors, officers or employees, or any entity in which any of our directors, officers or employees is employed or has an interest of more than 5%.

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics, which requires, among other things, that directors, officers and employees act with integrity. The Code of Business Conduct and Ethics also prohibits our directors, officers and employees from taking (or directing to a third party) a business opportunity that is discovered through the use of corporate property, information or position, unless we have already been offered the opportunity and turned it down, in which case our Nominating and Corporate Governance Committee must in any event approve the director, officer or employee interest therein. More generally, our directors, officers and employees are prohibited from using corporate property, information or position for personal gain. The Code of Business Conduct and Ethics is posted in the Investor Relations section of our website at www.sunstonehotels.com. In addition, a copy of the Code of Business Conduct and Ethics will be provided without charge upon request to Sunstone Hotel Investors, Inc., 120 Vantis, Suite 350, Aliso Viejo, California 92656, Attention: Secretary.

Pledging and Hedging Policies

We have established pledging and hedging policies applicable to our directors, officers and other employees (collectively referred to in this section only as “insiders” and individually as an “insider”).

Margin Accounts and Pledges. Securities held in a margin account or pledged as collateral for a loan may be sold without the insider’s consent by the broker if the insider fails to meet a margin call or by the lender in foreclosure if the insider defaults on the loan. Because a margin or foreclosure sale may occur at a time when the insider is aware of material nonpublic information or otherwise is not permitted to trade in Company securities, insiders are prohibited from holding Company securities in a margin account or pledging Company securities as collateral for a loan. An exception to this prohibition may be granted where the insider wishes to pledge Company securities as collateral for a loan (not including margin debt) and clearly demonstrates the financial capacity to repay the loan without resort to the pledged securities. If the insider wishes to pledge Company securities as collateral for a loan, the insider must submit a request for approval to the Chief Financial Officer at least one month prior to the proposed execution of documents evidencing the proposed pledge.

Hedging Transactions. Certain forms of hedging or monetization transactions, such as zero-cost collars and forward sale contracts, involve the establishment of a short position in the Company’s securities and limit or eliminate an insider’s ability to profit from an increase in the value of the Company’s securities. Such transactions are complex and involve many aspects of the federal securities laws, including filing and disclosure requirements. Therefore, the Company requires insiders that wish to enter into such an arrangement to first pre-clear the proposed transaction. Any request for pre-clearance must be submitted to the Chief Financial Officer at least one month prior to the proposed execution of documents evidencing the proposed transaction.

Environmental, Social and Governance Practices

All of our hotels currently participate in some form of environmental, social and governance practice (“ESG”), and we are committed to expand these practices and programs over the next several years. Currently, our ESG programs cover such areas as energy conservation, water conservation, waste reduction and recycling. Sunstone’s comprehensive energy-efficiency program is aimed not only at making our hotels more energy efficient and environmentally-friendly, but also at enhancing the profitability of our hotels. Our energy-efficiency program includes, but is not limited to, retro-fitting incandescent lighting systems with new LED fixtures, guestroom “smart” thermostats that adjust room conditions based on whether the room is occupied or not, central plant efficiency upgrades, laundry outsourcing, low-flow toilet systems and energy co-generation facilities. Additionally, our hotels participate in the Clean the World program, a well-respected and highly recognized hospitality ESG organization. Through the Clean the World Program, unused soap and bottled hygiene products such as shampoo are collected from our hotels and then sterilized, recycled and re-manufactured into new toiletries, which are distributed to vulnerable/at risk communities both locally and around the world. In 2017, our hotels contributed over 25,000 pounds of soap and bottled amenities to the program, which would otherwise have been destined for landfills.

We continue to seek new ESG innovations and practices to implement across our portfolio. While the lodging industry’s ESG efforts are at an early stage, the various hotel brands are aligned with us in their desire to advance ESG programs and practices. Together we are committed to improving energy efficiency, and the environmental impact of our hotels.

Independence of Directors and Committees

The Board of Directors has determined that a majority of the current Board of Directors is independent as defined under the NYSE’s rules and that a majority of the Board of Directors will be independent if the slate of directors up for election in Proposal 1 of this proxy statement are elected. Directors who serve on the Compensation Committee and the Nominating and Corporate Governance Committee are also subject to these independence requirements. Directors who serve on the Audit Committee are subject to these and additional independence requirements.

To be considered independent under the NYSE’s rules, the Board of Directors must determine that a director does not have a material relationship with Sunstone and/or its consolidated subsidiaries (either directly or as a partner, stockholder, or officer of an organization that has a relationship with any of those entities).

The Board of Directors undertakes on a quarterly basis a review of the independence of the directors nominated for election at the upcoming annual meeting. During this review, the Board of Directors considers the transactions and relationships between each director or any member of his or her immediate family and Sunstone and its subsidiaries and affiliates as reported under “Certain Relationships and Related Party Transactions” below. The Board of Directors also examines transactions and relationships between directors or their affiliates and members of the senior management or their affiliates. The purpose of this review is to determine whether any such relationships or transactions are inconsistent with a determination that such director is independent.

As a result of this review, the Board of Directors affirmatively determined that each member of the Board of Directors, other than Mr. Arabia, is independent of Sunstone and its management under the independence standards of the NYSE.

The Board of Directors Leadership Structure

From May 1, 2015 to present, Mr. Pasquale has served as our Chairman of the Board. From January 17, 2015 to present, Mr. Arabia has served as President, Chief Executive Officer and a director. Assuming that the nominees listed in Proposal 1 are elected as directors at the 2018 annual meeting, we expect Mr. Pasquale will continue to serve as our Chairman of the Board and Mr. Arabia as our President and Chief Executive Officer and a director.

Since October 26, 2004, the roles of chairman and chief executive officer have been held separately. Though the Board of Directors does not have a formal policy as to whether the chairman should be an independent director, an affiliated director, or a member of management, in the event the chairman is or becomes an affiliated director or a member of Company management, or if the independent directors were to determine that it is in the best interests of the Company, the independent directors will appoint from among themselves an independent co-chairman or lead independent director (consistent with our bylaws and our corporate governance guidelines).

The role of the Chairman of the Board is to coordinate the activities of the independent directors, coordinate with the Chief Executive Officer and corporate secretary to set the agenda for Board of Directors’ meetings, chair executive sessions of the independent directors, provide leadership to the Board of Directors and uphold high corporate governance and ethical

standards, communicate effectively with management on a regular basis, provide support and advice to the Chief Executive Officer, facilitate communication between and among the independent directors and management, take a lead role in the Board of Director's self-assessment and evaluation processes, and perform the other duties either specified in the corporate governance guidelines or assigned from time to time by the Board of Directors.

Furthermore, our Board of Directors currently has seven independent members and one non-independent member, Mr. Arabia. Assuming that the nominees listed in Proposal 1 are elected as directors at the 2018 annual meeting, our Board of Directors will continue to have seven independent members and one non-independent member. A number of the members of our Board of Directors are currently serving or have served as members of senior management of other public companies and have served as directors of other public companies. We currently have three board committees comprised solely of independent directors.

Our Board of Directors believes its leadership structure is appropriate as it effectively allocates authority, responsibility and oversight between management and the independent members of our Board of Directors. It accomplishes this by giving primary responsibility for the operational leadership and strategic direction of the Company to our Chief Executive Officer, while enabling our Chairman of the Board to facilitate our Board of Directors' independent oversight of management, promote communication between management and our Board, and support our Board's consideration of key governance matters.

Risk Oversight

Our Audit Committee is primarily responsible for overseeing the Company's risk management processes on behalf of the full Board of Directors. The Audit Committee receives reports from management at least quarterly regarding the Company's assessment of risks. In addition, the Audit Committee reports regularly to the full Board of Directors, which also considers the Company's risk profile. The Audit Committee and the full Board of Directors focus on the most significant risks facing the Company and the Company's general risk management strategy, and also ensure that risks undertaken by the Company are consistent with the Board of Directors' appetite for risk. While the Board of Directors oversees the Company's risk management, Company management is responsible for the day-to-day risk management processes. We, together with the Board of Directors, believe this division of responsibilities is the most effective approach for addressing the risks facing the Company.

Our Compensation Committee oversees risk management as it relates to our compensation plans, policies and procedures and has met with management to review and confirm that our compensation programs do not create incentives to our employees to take excessive or inappropriate risks that could have a material adverse effect on the Company. We believe that features of our programs, including the mix of long- and short-term incentives and equity grants, as well as our internal financial and legal controls, appropriately mitigate the risk of employees taking actions that may benefit the employee in the short term, but ultimately harm the Company.

Director Attendance at Meetings

Each of our directors is expected to attend each annual meeting of stockholders and all meetings of the Board of Directors. The Board of Directors held five meetings and acted by written consent on two occasions in 2017. During that period, all directors attended 100% of the aggregate of the meetings of the Board of Directors and all committees of the Board of Directors on which they served during the periods in which they served. In addition, all of our directors attended our annual meeting of stockholders in 2017.

Stockholder Communication with the Board of Directors and Non-Employee Directors

Stockholders may communicate any matters they wish to raise with the directors by writing to the Board of Directors, Sunstone Hotel Investors, Inc., 120 Vantis, Suite 350, Aliso Viejo, California 92656, Attention: Secretary. Stockholders should provide proof of stock ownership with their correspondence. All communications from verified stockholders will be received and processed by the Secretary and then directed to the appropriate member(s) of the Board of Directors.

In addition, any interested party who wishes to communicate directly with our non-employee directors may contact our Chairman of the Board at the mailing address of the Company's executive offices at 120 Vantis, Suite 350, Aliso Viejo, California 92656, Attention: Secretary. All communications will be received and processed on a confidential basis by the Secretary and then directed to the appropriate non-employee director(s).

Committees of the Board of Directors

Our Board of Directors complements its oversight responsibilities through the following three standing committees, each of which is briefly described below: the Compensation Committee, the Audit Committee and the Nominating and Corporate Governance Committee. Each of our committees has a charter, current copies of which may be viewed in the Investor Relations section of our website at www.sunstonehotels.com. In addition, printed copies of our committee charters will be provided without charge upon request to Sunstone Hotel Investors, Inc., 120 Vantis, Suite 350, Aliso Viejo, California 92656, Attention: Secretary.

Compensation Committee. The Compensation Committee determines compensation and benefits for all executive officers, oversees our equity compensation plans and assists in the establishment of compensation policies applicable to employees generally. The members of the Compensation Committee are independent directors as required by the listing standards and rules of the NYSE, are “outside directors” within the meaning of Section 162(m) of the Internal Revenue Code of 1986 (as amended, the “Code”), and are “non-employee directors” for the purposes of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, or the Exchange Act.

The current members of our Compensation Committee are:

- Andrew Batinovich, who serves as the chair;
- Thomas A. Lewis, Jr.;
- Murray J. McCabe; and
- Douglas M. Pasquale.

The Compensation Committee held four meetings during 2017.

Audit Committee. Our Board of Directors has adopted an Audit Committee charter, which defines the Audit Committee’s purposes to include oversight of:

- the integrity of our financial statements;
- our compliance with legal and regulatory requirements;
- the independent auditors’ qualifications and independence;
- the performance of the independent auditors and our internal audit function; and
- preparation of an audit committee report as required by the SEC for inclusion in our annual proxy statement.

All of the members of the Audit Committee are financially literate within the meaning of the listing standards and rules of the NYSE. At least one member is an audit committee financial expert as that term is defined by applicable rules of the SEC, and at least one member possesses accounting and financial management expertise within the meaning of the listing standards and rules of the NYSE. The Board of Directors has determined that each member of the Audit Committee is independent within the meaning of the rules of both the NYSE and the SEC.

The current members of our Audit Committee are:

- Andrew Batinovich;
- Z. Jamie Behar; and
- Keith P. Russell, who serves as the chair.

The Audit Committee held four meetings during 2017.

The Board of Directors has determined that each of Andrew Batinovich, Z. Jamie Behar and Keith P. Russell is qualified as an audit committee financial expert within the meaning of SEC regulations. In making this determination, the Board of Directors considered the following qualifications: (a) understanding of generally accepted accounting principles, or GAAP; (b) ability to apply GAAP to accounting for estimates, accruals and reserves; (c) experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the issues likely to be raised by our financial statements, or experience actively supervising persons engaged in these activities; (d) understanding of internal control over financial reporting; and (e) understanding of audit committee functions.

Nominating and Corporate Governance Committee. The Board of Directors has delegated to the Nominating and Corporate Governance Committee the responsibility to select and to recommend to the Board of Directors, nominees for election at any annual meeting, or any special meeting of stockholders, and any person to be considered to fill a vacancy or a newly created directorship that is the result of any increase in the authorized number of directors. The Nominating and Corporate Governance Committee is also responsible for nominating board committee members, reviewing our corporate governance guidelines, assisting with the annual evaluation of the Board of Directors, and approving certain transactions involving a conflict of interest. The Board of Directors has determined that each of the members of the Nominating and Corporate Governance Committee is independent within the meaning of the listing standards of the NYSE.

In connection with its annual process for identifying directors to nominate or re-nominate, or to be recommended to the Board of Directors for nomination or re-nomination, the Nominating and Corporate Governance Committee seeks to determine whether the proposed candidate demonstrates an ability and willingness to:

- maintain the highest personal and professional ethics, integrity and values;
- represent the long-term interests of stockholders;
- exercise independence of thought, objective perspective and mature judgment;
- constructively challenge ideas and assumptions;
- understand our business operations and objectives and provide thoughtful and creative strategic guidance;
- contribute to the ongoing development and effective functioning of the Board of Directors;
- dedicate sufficient time, energy and attention to ensure the diligent and thoughtful performance of his or her duties; and
- demonstrate sincere commitment to our long-term success and the achievement of its objectives.

Additionally, in reviewing the qualifications of particular candidates, the Nominating and Corporate Governance Committee may choose to recommend individuals who can contribute an important, special or unique skill, expertise or perspective to the Board of Directors. The Nominating and Corporate Governance Committee recommends, among other things, whether the existing Board of Directors contains the appropriate size, structure and composition, whether some or all of the incumbent directors should be recommended to the Board of Directors for re-nomination, and whether the Board of Directors should be enlarged to include additional directors.

The Nominating and Corporate Governance Committee will consider as potential director nominees candidates recommended by various sources, including any member of the Board of Directors or senior management. The Nominating and Corporate Governance Committee may also retain a third-party search firm to identify candidates. The Nominating and Corporate Governance Committee also considers recommendations for nominees that are timely submitted by stockholders and only if such recommendations are delivered in the same manner prescribed by the advance notice provisions contained in Article II, Section 2.11 of our bylaws for stockholder proposals. See “Stockholder Proposals for the 2019 Annual Meeting.” In addition to satisfying the timing, ownership and other requirements specified in Article II, Section 2.11 of the bylaws, a stockholder’s notice must set forth as to each person whom the stockholder proposes to recommend that the committee nominate for election to the Board of Directors all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, pursuant to Regulation 14A under the Exchange Act and our bylaws (including such person’s written consent to being named in the proxy statement as a nominee and to serve as a director if elected). Properly communicated stockholder recommendations will be considered in the same manner as recommendations received from other sources.

The current members of our Nominating and Corporate Governance Committee are:

- W. Blake Baird;
- Z. Jamie Behar, who serves as the chair;
- Douglas M. Pasquale; and
- Keith P. Russell.

The Nominating and Corporate Governance Committee held six meetings during 2017.

The independent, non-employee directors held executive sessions at least once each quarter in 2017 and held other meetings relating to corporate governance during the year. Following the 2018 annual meeting, we expect that our non-employee directors will continue to consist of each member of the Board of Directors, other than Mr. Arabia, and that Mr. Pasquale will continue to preside over executive sessions of the non-employee directors.

STOCK OWNERSHIP

Stock Ownership Requirements

The Compensation Committee has established a stock ownership policy for our NEOs. The Compensation Committee believes that requiring the NEOs to maintain a meaningful ownership interest in the Company aligns the interests of the NEOs with those of our stockholders (i.e., the NEO will experience the same downside risk and upside potential as our stockholders experience). The policy provides that, on or before January 1 of the year following the fourth anniversary of the CEO's appointment to such position, the CEO will own and retain shares of the Company's common stock having a value equal to at least six times his or her annual base salary rate in effect on the December 31 immediately preceding the applicable January 1 determination date (described below). The policy further provides that, on or before January 1 of the year following the fourth anniversary of the other NEOs appointment to such position, each NEO will own and retain shares of the Company's common stock having a value equal to at least: (i) three times for Executive Vice Presidents, and (ii) two times for Senior Vice Presidents, his or her annual base salary rate in effect on the December 31 immediately preceding the applicable January 1 determination date (described below).

The Nominating and Corporate Governance Committee has implemented stock ownership requirements for Company directors. Under these guidelines, each existing director, on or before January 1 of the year following the third anniversary of such director's election to the Board of Directors, is required to hold stock valued at no less than three times the amount of the annual cash retainer paid to such director

To determine compliance with the stock ownership guidelines, (a) we include, in addition to shares the individual director or NEO owns outright, awarded but unvested restricted shares of Company stock and (b) we calculate the value of each individual's stock holdings based on the average closing price on the NYSE of the Company's common stock for the year ended immediately prior to the applicable January 1 determination date.

As of January 1, 2018, Messrs. Arabia, Giglia, Hoffman and Springer and each applicable member of the Company's Board of Directors met or exceeded the stock ownership requirements. Mr. Klein, who joined the Company in 2016, must achieve compliance by January 1, 2021. Due to rules implemented by her former employer, all director fees for Ms. Behar (including the value of the annual stock grant and attendance fees) were paid in cash to her employer for her service on the Board of Directors through August 31, 2015. All director fees for her service on the Board of Directors from and after September 1, 2015 have been and will continue to be paid directly to Ms. Behar. All stock grants for her service on the Board of Directors from and after April 2016, have been and will continue to be paid directly to Ms. Behar. Accordingly, Ms. Behar is now subject to the above-described stock ownership requirements and must achieve compliance by January 1, 2020. Messrs. Baird and McCabe, both of whom joined the Board of Directors in 2016, must achieve compliance by January 1, 2020. As of January 1, 2018, Ms. Behar and Messrs. Baird and McCabe met or exceeded the stock ownership requirements.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

Overview. This Compensation Discussion and Analysis explains our compensation philosophy and policies that applied in 2017 to our executive officers, specifically our NEOs listed in the Summary Compensation Table below. It explains the structure and rationale associated with each material element of the compensation program for the NEOs, describes the actual compensation paid to our NEOs for 2017, and provides important context for the more detailed disclosure relating to our NEOs in the compensation tables following this Compensation Discussion and Analysis.

Mr. Arabia currently serves as our President and Chief Executive Officer and is a member of our Board of Directors. In accordance with the rules of the SEC, each of Messrs. Arabia, Giglia, Hoffman, Springer and Klein are NEOs for 2017.

The Board of Directors and our Compensation Committee consider it our responsibility to structure our compensation program in a way that is highly aligned with the interests of our stockholders. Although the advisory stockholder vote on executive compensation is non-binding, the Compensation Committee has considered and will continue to consider the outcome of the vote when making future compensation decisions for NEOs. At our 2017 annual meeting, approximately 92.6% of votes cast were in favor of our “say-on-pay” proposal. Though the members of the Compensation Committee believe that the stockholder vote on our 2017 “say-on-pay” proposal endorses the Company’s compensation program, the Compensation Committee endeavors to continuously improve the Company’s compensation program to more closely align compensation with the interests of our stockholders. Following the 2017 say-on-pay vote, our Board of Directors resolved to continue to hold annual say-on-pay votes, with the next vote being held in 2019.

In addition, the Compensation Committee seeks to attract, motivate and retain Sunstone’s executive officers through competitive compensation arrangements that the Compensation Committee believes, within appropriate risk parameters, provide strong financial incentives for the executive officers to maximize stockholder value.

Our executive compensation program is weighted towards variable, rather than fixed, compensation. Specifically, the variable portion of our executive compensation program is designed to reward performance relative to financial and other metrics that we believe will result in favorable total stockholder returns, both in terms of absolute appreciation in the value of our shares, and in terms of relative performance as compared to our peers, taking into consideration our competitive position within the real estate industry and each executive’s contributions to the Company. The Compensation Committee has also designed the compensation program to reward our executive officers at levels that the Compensation Committee believes to be competitive for companies in its industry, including in part as a result of the review of executive officer compensation levels at certain companies in a peer group, as identified below. We have not adopted any formal policies or guidelines for allocating compensation between long-term and short-term compensation, between cash and noncash compensation or among different forms of cash and noncash compensation.

Company Highlights – 2017 Financial and Operating Highlights. In 2017, our 25-hotel portfolio, excluding the two hotels sold in January 2018 and the Oceans Edge Hotel & Marina which was not open in 2016, performed well despite a challenging operating environment. Our 2017 comparable hotel RevPAR increased approximately 3.6% benefiting from a 20 basis point increase in occupancy and a 3.4% increase in average daily rate (refer to “Operating Statistics” in Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations of our Annual Report on Form 10-K for the year ended December 31, 2017). Additionally, comparable hotel revenue benefited as other incomes continued to grow, specifically, food and beverage increases at our Wailea Beach Resort and our Boston Park Plaza hotel which are continuing to benefit from their complete 2016 repositionings.

We improved the quality of our portfolio focusing on Long-Term Relevant Real Estate:

- **Hotel Acquisitions.** In 2017, we acquired the 175-room Oceans Edge Hotel & Marina, located in Key West, Florida. The hotel is a newly constructed, purpose-built oceanfront luxury hotel and marina complex that opened in January 2017. The property is situated across 20 fee-simple land and water acres and is comprised of 175 waterfront rooms, including 86 suites, all of which have private balconies and sweeping views of the Atlantic Ocean.
- **Hotel Dispositions.** During 2017, we sold two hotels, the Fairmont Newport Beach and Marriott Park City for gross sale proceeds of approximately \$153 million. In January 2018, we sold an additional two legacy hotels, the Marriott Philadelphia and the Marriott Quincy for gross sale proceeds of \$139 million.

We improved an already strong balance sheet and liquidity:

- **Maintained a Strong Balance Sheet with Significant Capacity.** We ended 2017 with a pro rata debt and preferred equity to pro rata total capitalization of approximately 23%, which included approximately \$488 million of unrestricted cash on hand. We retain considerable financial flexibility but will remain disciplined in deploying our excess capital.
- **Extended our Debt Maturities.** In 2017, we refinanced the \$220 million mortgage loan secured by the Hilton San Diego Bayfront extending its maturity, including extensions, from 2019 to 2023, and reducing its annual interest expense by approximately \$2.6 million. Following the refinancing, we have no debt maturing until November 2020.

We returned capital to our stockholders:

- **Dividends.** In 2017, we declared cash dividends of \$0.73 per share of common stock payable to our stockholders. The 2017 declared cash dividends equates to a 4.4% dividend yield (based on the Company’s closing stock price on December 31, 2017).

Total Stockholder Return. The following graph compares the total stockholder return of our common stock against the cumulative total returns of the Standard & Poor’s Corporation Composite 500 Index and the Morgan Stanley Capital International United States REIT Index (“MSCI US REIT Index” or “RMS”) for the period from December 31, 2012 to December 31, 2017. This graph assumes an initial investment of \$100 in our common stock and in each of the indices, and also assumes the reinvestment of dividends. The performance graph is not indicative of future investment performance. We do not make or endorse any predictions as to future share price performance.

The actual returns on the graph above are as follows (rounded to the nearest whole dollar):

	2012	2013	2014	2015	2016	2017
Sunstone Hotel Investors, Inc.	\$ 100	\$ 126	\$ 160	\$ 135	\$ 172	\$ 195
MSCI US REIT Index Total Return	\$ 100	\$ 102	\$ 134	\$ 137	\$ 149	\$ 156
S&P 500 Total Return	\$ 100	\$ 132	\$ 151	\$ 153	\$ 171	\$ 208

Compensation Highlights

The charts below illustrate the balance of the elements of target total compensation⁽¹⁾ during 2017 for Mr. Arabia, our CEO, and the average of the other NEOs.

- (1) Percentage of total compensation is calculated as follows: the 2017 base salary and the value of actual executive-level perquisites paid to the NEOs; the target 2017 cash incentive award; and the target 2017 equity incentive award.

As the charts above indicate, total target compensation for our CEO and other NEOs included performance-based cash and equity incentives of 76% and 69%, respectively, which aligns their performance with the interests of our stockholders.

2017 Compensation Decisions

The Compensation Committee assists the Board of Directors in determining the compensation of our executive officers. It evaluates and recommends to the Board of Directors appropriate policies and decisions relative to executive officer salary, benefits, bonus, incentive compensation, severance, equity-based and other compensation plans.

As described in more detail below, compensation for fiscal year 2017 for each of our NEOs was determined by the Compensation Committee based upon a review of the Company's performance, the individual performance of each NEO, total compensation paid by the Company to each NEO in prior years, and, in certain instances, taking into account certain peer group information.

Management's Involvement in Compensation Decisions. The Compensation Committee exercises independent discretion and judgment in making compensation decisions after evaluating the Company's performance, the executive's past performance, including the extent to which the executive has met or exceeded specified targets or affected the Company's performance, and the executive's long-term potential to enhance stockholder value. In connection with the executive compensation determination process, the Compensation Committee seeks input from the Company's CEO regarding the compensation of the NEOs other than the CEO. In addition, from time to time, the Compensation Committee will direct management to work with its consultant(s) in providing proposals, program design and compensation recommendations. The CEO does not provide recommendations for changes in his or her own compensation. Any proposed changes to CEO compensation are recommended to the Board of Directors by the Compensation Committee, and final deliberations and all votes regarding CEO compensation are made in executive sessions of the Board of Directors, without the CEO present. Only Compensation Committee members vote on recommendations to the full Board of Directors regarding changes in executive compensation.

Annual Base Salary. The Compensation Committee reviews base salaries annually, but base salaries are not automatically increased pursuant to pre-determined formulas or otherwise and may not be increased if, among other things, the Compensation Committee believes that other elements of compensation are more appropriate in light of the Company's stated objectives or that increases are not appropriate for other reasons. Each executive officer's base salary serves as the base amount for determining annual cash and equity incentive award opportunities, which are calculated as percentages of such executive's base salary.

The base salary of each of our executive officers is based on the review of the Compensation Committee described above and the following:

- an assessment of the scope of the executive officer’s responsibilities and leadership;
- the executive officer’s expertise and experience within the industry;
- the Company’s overall financial and business performance; and
- the executive officer’s contributions to the Company.

This determination is not formulaic and is not based on specific Company or individual performance targets objectives, but rather is subjective and made in light of our compensation philosophy and objectives described above. The following table includes the base salary determinations for each of our NEOs.

	2017 Base Salary	% Change From 2016 Base Salary
John V. Arabia	\$ 750,000	— %
Bryan A. Giglia	\$ 455,000	5.8 %
Marc A. Hoffman	\$ 520,000	— %
Robert C. Springer	\$ 410,000	3.8 %
David M. Klein	\$ 335,000	6.3 %

Annual Cash Incentive Bonuses and Annual Equity Incentive Awards. We use annual cash incentive bonus and annual equity incentive awards to further motivate executive officers by establishing relationships between the bonuses and awards, on the one hand, and the performance of the Company and the executive officer on the other. We believe that tying our executive officers’ cash bonus and long-term equity compensation to the quantitative metrics discussed below provides a strong financial incentive to maximize stockholder value.

The annual cash incentive bonus and equity incentive awards are intended to compensate our executive officers for achieving our annual financial goals at both the corporate and hotel asset levels and for implementing long-term plans and strategies and achieving individual goals. The annual cash incentive bonus and annual equity incentive award programs are based on performance and responsibility level rather than on the basis of seniority, tenure or other entitlement. Each year, the Compensation Committee establishes performance-based criteria, both corporate and individual, for each NEO, and the level of achievement of those criteria determines the size of the annual bonuses and equity awards made to the NEO in the next calendar year. This performance-based program is intended to encourage our executive officers, including our NEOs, to continually improve their capabilities to enhance performance and deliver positive business results.

The annual equity incentive awards are also intended to encourage ownership, foster retention through post-grant vesting schedules and align the executive officers’ interests with the long-term interests of our stockholders. Historically, we have used restricted stock awards, the size of which is determined based on achievement of pre-established performance goals and which generally vest over a three-year period following grant. We use restricted stock for these awards in order to confer the full value of the equity because these awards are granted in respect of prior attainment of performance objectives, but we subject these awards to three-year vesting to provide retention and integrity incentives (subject to accelerated vesting in certain circumstances, as discussed below in the table “—*Potential Payments Upon Termination or Change in Control*”). Because the awards are only granted if certain performance criteria are met, we generally do not utilize additional performance-based criteria in connection with the vesting of these awards.

As described further below, the Compensation Committee sets the annual cash incentive bonus and equity incentive award levels for each NEO based on the achievement of objective corporate performance criteria as well as subjective individual performance criteria. The award thresholds are set at levels intended to provide the executives with a significant incentive to enhance stockholder value. Accordingly, as discussed below, the target annual incentive cash bonus and target annual equity incentive award for each executive officer are set at levels that represent a significant percentage of such officer’s overall compensation arrangements.

Criteria and Metrics for 2017 Incentive Compensation. In the first quarter of 2017, the Compensation Committee established quantitative and qualitative performance measures for both the annual cash incentive bonuses and the annual equity incentive awards for our NEOs. Each NEO’s potential for the annual cash incentive bonus and the annual equity incentive award opportunity was based on the achievement of both the Ten Goals (discussed below) and each NEO’s individual goal weighted as follows:

	<u>Achievement of the Ten Goals</u>	<u>Achievement of NEO’s Individual Goal</u>
John V. Arabia	85 %	15 %
Bryan A. Giglia	80 %	20 %
Marc A. Hoffman	80 %	20 %
Robert C. Springer	80 %	20 %
David M. Klein	75 %	25 %

The relative weighting of the Ten Goals and individual goals established by the Compensation Committee for each of our NEOs reflects its analysis of the appropriate amount of emphasis to place on both objective corporate and subjective individual goals, and not any pre-determined formula or methodology. The Compensation Committee may, at its discretion, adjust criteria to account for significant intra-year transactions and circumstances.

The Compensation Committee determined that the amounts of the bonuses and awards to each NEO would, either in part or in whole, be based on the achievement of the following ten goals (collectively, the “Ten Goals”), each weighted as described (with the ranges representing variation in weighting among our NEOs as opposed to a range for each NEO), as well as individual performance:

<u>Goal</u>	<u>Goal Description</u>	<u>Goal Weighting</u>
<u>Goal #1:</u> One Year Relative Total Stockholder Return	Relative total stockholder return from the last trading day in 2016 through the last trading day in 2017	6.25% - 7.08%
<u>Goal #2:</u> Three Year Relative Total Stockholder Return	Relative total stockholder return from the last trading day in 2014 through the last trading day in 2017	6.25% - 7.08%
<u>Goal #3:</u> Five Year Relative Total Stockholder Return	Relative total stockholder return from the last trading day in 2012 through the last trading day in 2017	6.25% - 7.08%
<u>Goal #4:</u> One Year Absolute Total Stockholder Return	Absolute total stockholder return from the last trading day in 2016 through the last trading day in 2017	6.25% - 7.08%
<u>Goal #5:</u> Three Year Absolute Total Stockholder Return	Absolute total stockholder return from the last trading day in 2014 through the last trading day in 2017	6.25% - 7.08%
<u>Goal #6:</u> Five Year Absolute Total Stockholder Return	Absolute total stockholder return from the last trading day in 2012 through the last trading day in 2017	6.25% - 7.08%
<u>Goal #7:</u> AFFO	Adjusted funds from operations attributable to common stockholders per share	15.00% - 17.00%
<u>Goal #8:</u> Debt to Undepreciated Book Value	Maintain the Company’s leverage profile	15.00% - 17.00%
<u>Goal #9:</u> Return on Assets	Return on assets	3.75% - 4.25%
<u>Goal #10:</u> RevPAR Growth	Growth to revenue per available room, or RevPAR	3.75% - 4.25%

For each of the Company’s Ten Goals, the Compensation Committee established four achievement levels—“Threshold,” “Target,” “High” and “Superior,” and for each achievement level, a corresponding multiple of base salary for each NEO. For each of the components, the amount granted or paid to the applicable NEO was the product of (a) his base salary, (b) the weighting for that component, (c) the multiple corresponding to the level of achievement and (d) the Compensation Committee’s subjective assessment as to whether the NEO’s performance warranted an increase or decrease.

Each of the Ten Goals is further discussed below.

Goals 1, 2 and 3 - Relative Total Stockholder Return. Relative total stockholder return, or RTSR, was measured in one, three and five year periods ending on the last trading day in 2017. We calculated RTSR as the increase (or decrease) in the price of the Company’s common stock on the NYSE as of the last trading day in 2017 over the price of the Company’s common stock on the NYSE as of the last trading day in 2016, 2014 and 2012, as applicable, plus dividends paid and reinvested on the Company’s common stock during the applicable period, relative to an equally-weighted total stockholder return index consisting of Host Hotels & Resorts, Inc., DiamondRock Hospitality Company and LaSalle Hotel Properties, all of which have asset quality and leverage levels most comparable to that of the Company. The Compensation Committee determined that for fiscal year 2017, the range for each of the RTSR components should be as follows:

	<u>1 –Year RTSR</u>	<u>3 –Year RTSR (1)</u>	<u>5 –Year RTSR</u>
Threshold	90.0 %	90.0 %	90.0 %
Target	100.0 %	100.0 %	100.0 %
High	110.0 %	110.0 %	110.0 %
Superior	120.0 %	120.0 %	120.0 %
Achieved	377.1 %	120.0 %	167.3 %

- (1) The Company’s total stockholder return of + 6.8% relative to an equally-weighted total stockholder return index consisting of Host Hotels & Resorts, Inc., DiamondRock Hospitality Company and LaSalle Hotel Properties of – 3.8%, resulted in a Superior level award.

Goals 4, 5 and 6 - Absolute Total Stockholder Return. Absolute total stockholder return, or ATSR, was measured in one, three and five year periods ending on the last trading day in 2017. We calculated ATSR as the increase (or decrease) in the price of the Company’s common stock on the NYSE as of the last trading day in 2017 over the price of the Company’s common stock on the NYSE as of the last trading day in 2016, 2014 and 2012, as applicable, plus dividends paid and reinvested on the Company’s common stock during the applicable period.

	<u>1 –Year ATSR</u>	<u>3 –Year ATSR</u>	<u>5 –Year ATSR</u>
Threshold	7.0 %	7.0 %	7.0 %
Target	9.0 %	9.0 %	9.0 %
High	11.0 %	11.0 %	11.0 %
Superior	13.0 %	13.0 %	13.0 %
Achieved	13.2 %	6.8 %	14.3 %

Goal 7 - Adjusted Funds From Operations Attributable to Common Stockholders Per Share. The primary objective of the adjusted funds from operations (“AFFO”), per share component was to measure management’s ability to oversee the financial performance of the Company.

The Compensation Committee determined that for fiscal year 2017, the range for the AFFO, per share component should be as follows:

	<u>AFFO Per Share (1)</u>
Threshold	\$ 1.08
Target	\$ 1.12
High	\$ 1.16
Superior	\$ 1.20
Achieved	\$ 1.22

- (1) We compute the AFFO per share component by adjusting Funds From Operations (“FFO”), which we calculate in accordance with standards established by the National Association of Real Estate Investment Trusts, for certain non-cash or non-recurring items. AFFO is then divided by our weighted average share count, including those shares associated with unvested restricted stock awards, for the year ended December 31, 2017. Refer to “Non-GAAP Financial Measures” in Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations of our Annual Report on Form 10-K for the year ended December 31, 2017.

Goal 8 – Debt to Undepreciated Book Value. The primary objective of this component was to measure the Company’s leverage levels against its long-term credit objectives. The debt to asset value was calculated as the ratio of the Company’s total debt to the Company’s reported undepreciated book asset value for fiscal year ended 2017. This component was calculated by dividing the Company’s indebtedness by the Company’s reported 2017 undepreciated book asset value for all hotels owned as of December 31, 2017.

The Compensation Committee determined that for fiscal year 2017, the range for the leverage ratio component should be as follows:

	Debt to Undepreciated Book Value
Threshold	27.5 %
Target	25.5 %
High	21.5 %
Superior	19.5 %
Achieved	22.3 %

Goal 9 - Return on Assets. The primary objective of the return on assets component was to measure the financial performance of the Company’s gross investment in hotels, joint ventures and related businesses owned for the entire subject year. Any intra-year acquisitions or dispositions are excluded from the calculation. Return on assets is calculated as In Place EBITDA/In Place Assets, where:

- In Place EBITDA is equal to the sum of all corporate earnings before interest, taxes, depreciation and amortization, or EBITDA, from hotels owned for the entire subject year, joint venture interests and other related businesses, and excludes corporate overhead, non-recurring charges and interest income, but includes any performance guaranty payments; and
- In Place Assets is equal to the gross investment in hotel properties, joint ventures and other related businesses (in service and before depreciation) as of December 31 of the preceding year and owned for the entire subject year.

The Compensation Committee determined that for fiscal year 2017, the range for the return on assets component should be as follows:

	Return on Assets
Threshold	7.50 %
Target	7.75 %
High	8.25 %
Superior	8.50 %
Achieved	8.53 %

Goal 10 - RevPAR Growth. The primary objective of this component was to measure the Company’s reported property-level revenue growth per available room, or RevPAR, in 2017 as compared to 2016.

	RevPAR Growth
Threshold	0.0 %
Target	1.0 %
High	3.0 %
Superior	4.0 %
Achieved	3.6 %

Individual Performance. The primary objective of this component was to drive individual performance and to ensure accountability with respect to individual performance throughout the calendar year. Each of the NEOs had individualized goals for 2017 as follows:

- Mr. Arabia was responsible for achievement of certain corporate, financial, strategic and operational objectives, including overall execution of the Company’s business plan.
- Mr. Giglia’s goals included maintaining the Company’s leverage levels, extending maturities and directing the accounting and tax functions.

- Mr. Hoffman’s goals consisted of continuing to execute on plans to maximize the long-term value of each Company hotel property through oversight of hotel operations and by facilitating the execution of value-enhancing renovations.
- Mr. Springer’s goals generally included implementing the Company’s portfolio management objectives, including enhancing the Company’s portfolio quality through acquisitions and dispositions.
- Mr. Klein’s goals generally included advising senior management on, and managing the process for, all transactions, overseeing legal proceedings, advising on labor matters, and assessing and advising on the Company’s corporate governance and risk management policies.

The Compensation Committee set targets for the above individual goals such that:

- Threshold represents performance at a satisfactory level;
- Target represents the achievement of a majority of individual annual goals;
- High represents the achievement of all individual annual goals; and
- Superior represents the achievement of all annual goals and general performance at a level above expectation.

2017 Awards. To determine the actual incentive awards payable to each NEO, in February 2018, the Compensation Committee reviewed and assessed the performance of the Company and each NEO in comparison to the subjective and objective performance measures established in 2017 and described above. No bonus was awarded with respect to any component if performance for such component was below Threshold, and results were interpolated between the levels of Threshold, Target, High and Superior.

Cash Incentive Bonuses. The following table summarizes all of the components of the cash incentive bonus with respect to fiscal year 2017 for each NEO (dollar values rounded to the nearest whole dollar). For Mr. Arabia, the cash bonus reflects the product of base salary multiplied by the weighting of each goal and the interpolated achieved goal multiplier (threshold – 100%; target – 150%; high – 225%; superior (maximum) – 275%). For Messrs. Giglia, Hoffman & Springer, the cash bonus reflects the product of base salary multiplied by the weighting of each goal and the interpolated achieved goal multiplier (threshold – 75%; target – 100%; high – 150%; superior (maximum) – 175%). For Mr. Klein, the cash bonus reflects the product of base salary multiplied by the weighting of each goal and the interpolated achieved goal multiplier (threshold – 50%; target – 75%; high – 85%; superior (maximum) – 100%).

Equity Incentive Awards. The following table summarizes all of the components of the equity incentive award with respect to fiscal year 2017, granted in February 2018, for each NEO (dollar values rounded to the nearest whole dollar). For Mr. Arabia, the equity incentive award reflects the product of base salary multiplied by the weighting of each goal and the interpolated achieved goal multiplier (threshold – 150%; target – 275%; high – 325%; superior (maximum) – 425%). For Messrs. (1) To determine the number of restricted shares granted to each NEO, the applicable total dollar amount was divided by the average closing price of the Company’s stock over the 20 trading days ending three trading days prior to the grant date. Accordingly, based on a grant date of February 9, 2018 and the average closing price of the Company’s common stock over the 20 trading days ending three trading days prior to such date (which average price was \$16.75), Messrs. Arabia, Giglia, Hoffman, Springer and Klein were granted 164,326, 71,876, 79,040, 62,320 and 33,200 shares of restricted common stock, respectively.

The tables above also reflect that the Compensation Committee’s allocation between cash and equity incentive compensation was designed to award more than half of each NEO’s annual incentive compensation in equity to further the objectives of fostering executive ownership and the alignment of each executive’s interests with those of stockholders. One-third of the number of shares granted will vest on each of February 9, 2019, 2020 and 2021, subject to the holder’s continued employment (including accelerated vesting in certain circumstances, as discussed below in the table “—*Potential Payments Upon Termination or Change in Control*”).

Benefits and Perquisites. Our benefit programs are based on an assessment of competitive market factors, and a determination of what is needed to attract and retain qualified executives. Our primary benefits for executives include participation in our broad-based plans at the same cost and on the same terms as other employees. These plans include a tax qualified 401(k) savings plan (with safe harbor contributions equal to 3% of a participant’s pay up to \$8,100), a profit-sharing plan (with Company contributions deposited directly into a participant’s 401(k) plan), health, dental and vision insurance plans, term life insurance and disability coverage.

We may also reimburse certain of our NEOs for reasonable legal fees and expenses incurred in connection with the negotiation of an employment agreement. In addition, we have agreed under certain circumstances to pay life insurance premiums for policies on behalf of the NEOs. We believe that providing these benefits is a relatively inexpensive way to enhance the competitiveness of the executives’ compensation packages.

The Company does not provide non-qualified deferred compensation or pension benefits to any of its employees, including its NEOs.

Peer Group Information. The Compensation Committee uses comparison data from various companies in certain peer groups as a guide in its review and determination of base salaries, annual cash bonuses and restricted stock awards for its executive officers, including the NEOs. During 2016 and 2017, the Compensation Committee reviewed peer group data

provided by its independent compensation consultant, FPL, to assist in its determination regarding compensation for our NEOs for 2017. The Compensation Committee evaluates our performance and determines whether the compensation elements and levels that we provide to our executive officers, including our NEO's, are generally appropriate relative to the compensation elements and levels provided to their counterparts at our peer companies, in light of our performance relative to our peers and in light of each executive officer's contribution to our performance.

In 2016, the Compensation Committee, based on the information provided by FPL, determined the composition of our peer groups. The peer groups selected and used by the Compensation Committee are all public real estate companies and are divided into two groups: hotel REIT peers and size/geographic peers. Each peer group is discussed and identified below:

- **Hotel REIT Peer Group.** This peer group consisted of 11 public hospitality REITs that the Company and FPL consider to be the most relevant peer group against which to review compensation for NEOs, as they are all lodging-focused, self-managed, REITs. This peer group had total capitalization ranging from approximately \$2.4 billion to \$15.7 billion (as of December 31, 2015), compared to the Company's pro-rata total capitalization of \$3.8 billion (as of December 31, 2015).
- **Size/Geographic-Based Peer Group.** This peer group consisted of 12 public real estate companies, four of which have corporate headquarters located within the State of California. This peer group focuses on a variety of asset classes, but based on a combination of business focus, size and geography, the companies were viewed by FPL as comparable. This peer group had total capitalization ranging from approximately \$2.7 billion to \$6.6 billion (as of December 31, 2015), compared to the Company's pro-rata total capitalization of \$3.8 billion (as of December 31, 2015).

<u>Hotel REIT Peer Group</u>	<u>Size/Geographic-Based Peer Group</u>

No NEO held stock options or exercised any stock options during 2017.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Our Named Executive Officers' employment agreements, which provide for certain payments and/or benefits upon a qualifying termination of employment and/or in connection with a change in control, are described below. We believe that job security and terminations of employment are causes of significant concern and uncertainty for senior executives and that providing protections to our NEOs in these contexts is therefore appropriate in order to alleviate these concerns and allow the executives to remain focused on their duties and responsibilities to our company in all situations.

The following table summarizes the amounts that we would have been required to pay to each of Messrs. Arabia, Giglia, Hoffman, Springer, and Klein in connection with the events listed below assuming such events occurred on December 31, 2017. The table does not include payments due upon the non-renewal of the NEO's employment agreement since non-renewal cannot occur on December 31, 2017 and can only occur upon the expiration of the existing employment agreements (i.e. March 31, 2018), in which case payment would be made in the amounts delineated in the employment agreement summaries below.

EMPLOYMENT AGREEMENTS

Employment Agreements (Arabia, Giglia, Hoffman and Springer)

On January 27, 2017, we entered into employment agreements (the “Employment Agreements”) with the following Named Executive Officers: John Arabia, President and Chief Executive Officer, Bryan Giglia, Executive Vice President – Chief Financial Officer, Marc Hoffman, Executive Vice President – Chief Operating Officer, and Robert Springer, Executive Vice President – Chief Investment Officer, pursuant to which each of the Executives continue to be employed by the Company in their respective current positions. The Employment Agreements supersede and replace any employment, change in control and/or employment offer letter agreements previously entered into with the foregoing Named Executive Officers.

The initial term of each Employment Agreement is scheduled to expire on March 31, 2018, unless earlier terminated by either party. Following the expiration of the initial term, the term of each Employment Agreement automatically will be renewed for successive one-year periods on each anniversary of March 31, 2018, unless either party provides the other with thirty days written notice of intent not to renew the Employment Agreement.

The Employment Agreements reflect a 2017 annual base salary for Messrs. Arabia, Giglia, Hoffman and Springer of \$750,000, \$455,000, \$520,000 and \$410,000, respectively, in each case, which may be increased from time to time in the Company’s sole discretion. In addition, under the Employment Agreements, each of the Named Executive Officers was eligible to receive an annual cash performance bonus based on the attainment of performance goals determined by the Company with a threshold level equal to 75% (100% for Mr. Arabia) of base salary, a target level equal to 100% (150% for Mr. Arabia) of base salary, a high level equal to 150% (225% for Mr. Arabia) of base salary, and a superior (maximum) level equal to 175% (275% for Mr. Arabia) of base salary, with no guaranteed minimum (and any award may equal zero in any given year).

Under the Employment Agreements, each of the Named Executive Officers was eligible to earn annual equity awards with a threshold level equal to 150% of base salary, a target level equal to 200% (275% for Mr. Arabia) of base salary, a high level equal to 250% (325% for Mr. Arabia) of base salary and a superior (maximum) level equal to 300% (425% for Mr. Arabia) of base salary, with no guaranteed minimum (and any award may equal zero in any given year). In the event that a change in control (as defined in the Employment Agreements) occurs during the term of the Employment Agreement, any outstanding Company equity awards will fully vest immediately prior to the occurrence of such Change in Control. Furthermore, the Employment Agreements provide that each of the Named Executive Officers was eligible to participate in welfare and fringe benefit plans, incentive plans and savings/retirement plans generally available to senior executives of the Company.

If the Company terminates the Named Executive Officer’s employment without cause or the Named Executive Officer terminates his employment for good reason, then (i) the Named Executive Officer will receive a cash severance payment equal to the sum of: (A) two (three for Mr. Arabia) times the sum of: (x) the base salary in effect for the Named Executive Officer on the date of termination, and (y) the greater of the Named Executive Officer’s target annual bonus for the year in which the termination occurs and the actual annual bonus paid in respect of the last completed calendar year, (B) any earned but unpaid annual bonus for a prior fiscal year, and (C) a pro-rated bonus for the year in which the termination occurs (based on the Named Executive Officer’s “target” bonus), (ii) all outstanding Company equity awards will vest to the extent such outstanding awards were scheduled to vest within the 12-month period immediately following the date of termination, and (iii) the Named Executive Officer will receive Company-paid continued health insurance coverage for himself and his eligible family members for up to 18 months following the termination date. The Company’s obligation to provide these severance payments and benefits is conditioned upon the Named Executive Officer’s timely execution (and non-revocation) of a general release of claims.

If the Company terminates the Named Executive Officer’s employment by reason of a non-renewal of the Employment Agreement upon the expiration of its term, and the Named Executive Officer is willing and able, at the time of such non-renewal, to continue performing services during the renewal period, then, subject to the Named Executive Officer’s timely execution (and non-revocation) of a general release of claims, the Named Executive Officer will receive an amount equal to 50% of the sum of (i) the base salary in effect for the Named Executive Officer on the date of termination and (ii) the Named Executive Officer’s target annual bonus for the year in which the termination occurs. However, if such termination occurs on or within 12 months following a change in control, then the Named Executive Officer will be

provided with the same payments and benefits as if the Named Executive Officer's employment was terminated by the Company without cause or the Named Executive Officer terminated his employment for good reason (as described above).

If the Named Executive Officer's employment is terminated by reason of death or disability, he or, as appropriate, his estate or beneficiaries, will be paid an amount equal to the sum of (i) 100% of his annual base salary then in effect, (ii) any earned but unpaid annual bonus for a prior fiscal year, and (iii) a pro-rated bonus for the year in which the death or disability occurs (based on the Named Executive Officer's "target" bonus). Additionally, all outstanding time-based vesting Company equity awards will vest and the Named Executive Officer will receive Company-paid continued health insurance coverage for himself and/or his eligible family members for up to 18 months following the termination date.

Each Employment Agreement also includes certain restrictive covenants, including non-solicitation and non-disparagement covenants. In connection with entering into the Employment Agreements, each Named Executive Officer also entered into an indemnification agreement with the Company providing that the Company will indemnify and advance expenses to him in the case of certain claims made against him by virtue of his position with the Company.

Employment Agreement (Klein)

On April 18, 2016, we entered into an employment agreement with David Klein, which provides that Mr. Klein will serve as Senior Vice President and General Counsel of the Company. Mr. Klein's employment and the term of the agreement commenced on July 1, 2016. The term of the agreement is scheduled to expire on March 18, 2018, unless earlier terminated by either party.

The agreement provides for a 2017 annual base salary of \$335,000, which was approved by the Compensation Committee. In addition, under the agreement Mr. Klein was eligible to receive an annual cash performance bonus based on the attainment of performance goals determined by the Company with a threshold level equal to 50% of base salary, a target level equal to 75% of base salary, a high level equal to 85% of base salary and a superior (maximum) level equal to 100% of base salary.

Under the agreement Mr. Klein was eligible to earn annual equity awards with a threshold level equal to 100% of base salary, a target level equal to 125% of base salary, a high level equal to 150% of base salary and a superior (maximum) level equal to 200% of base salary, with no guaranteed minimum. Furthermore, Mr. Klein was eligible to participate in welfare and fringe benefit plans, incentive plans and savings/retirement plans generally available to senior executives of the Company.

If the Company terminates Mr. Klein's employment without cause or Mr. Klein terminates his employment for good reason, then (i) Mr. Klein will receive a cash severance payment in the amount described below, (ii) all outstanding Company equity awards granted to Mr. Klein will vest in full, and (iii) Mr. Klein will receive continued health insurance coverage for himself and his eligible family members. Mr. Klein's cash severance payment will equal the sum of (i) the base salary he would have received had he remained employed from the termination date through March 18, 2018 (but if the termination occurs within 12 months following a change in control, this amount will be no less than his annual base salary) plus (ii) if the termination occurs following payment of the 2016 annual bonus but prior to the payment of the 2017 annual bonus, \$267,750. The continued healthcare insurance coverage will end no later than March 18, 2018 (but, if the termination occurs within 12 months following a change in control, the coverage will continue until the one-year anniversary of the termination date). The Company's obligation to provide these severance payments and benefits is conditioned upon Mr. Klein's timely execution (and non-revocation) of a general release of claims.

If Mr. Klein's employment is terminated by reason of death or disability, he or, as appropriate, his estate or beneficiaries will be paid an amount equal to 100% of his annual base salary then in effect, all outstanding Company equity awards will vest (but only to the extent such outstanding awards were scheduled to vest within the 12-month period immediately following the date of termination) and he and his eligible family members will receive 12 months of Company-paid continued health insurance coverage.

PAY RATIO DISCLOSURE

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information regarding the relationship of the annual total compensation of our employees and the annual total compensation of John V. Arabia, our Chief Executive Officer (our “CEO”). The pay ratio specified below is a reasonable estimate calculated in a manner that is intended to be consistent with Item 402(u) of Regulation S-K.

For 2017, our last completed fiscal year:

- the median of the annual total compensation of all of our employees (other than our CEO) was \$209,627; and
- the annual total compensation of our CEO, as reported in the Summary Compensation Table included above in this proxy statement, was \$5,408,524.

Based on this information, for 2017, our CEO’s annual total compensation was 25.8 times that of the median of the annual total compensation of all of our employees (other than our CEO).

Determining the Median Employee

Employee Population. We determined that, as of December 31, 2017, our employee population excluding our CEO consisted of 47 full-time employees and one part-time employee.

Methodology for Determining Our Median Employee. To identify the median employee from our employee population, we reviewed the annual base salary of each of our employees. For purposes of measuring the annual base salary of each employee, we selected the base salary paid to all employees, including our part-time employee, as the most appropriate measure of compensation, which was consistently applied to all of our employees. In identifying the median employee, we annualized the base salary for all full-time employees who were new-hires in 2017.

Compensation Measure and Annual Total Compensation of Median Employee

With respect to the annual total compensation of the median employee, we identified and calculated the elements of such employee’s compensation for 2017 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$209,627.

Annual Total Compensation of CEO

With respect to the annual total compensation of our CEO, we used the amount reported in the “Total” column of our 2017 Summary Compensation Table included in this Proxy Statement.

Independent Review of Director Compensation

The Nominating and Corporate Governance Committee is responsible for reviewing and making recommendations to the Board of Directors on compensation and benefits for the independent directors. The Nominating and Corporate Governance Committee generally reviews the compensatory arrangement for the independent directors biennially. During the fourth quarter of 2015, FPL’s review (“2015 FPL Board Compensation Report”) detailed the 2014 director compensation programs (as disclosed in 2015 proxy statements) for two select groups of publicly-traded REITs, comprised of (a) a hotel peer group consisting of ten companies with implied, then current, equity market capitalizations ranging from approximately \$2.6 billion to \$22.2 billion and (b) a size/geographic peer group consisting of 12 companies with implied equity market capitalizations ranging from approximately \$3.2 billion to \$9.3 billion. Findings from the 2015 FPL Board Compensation Report were used to set both the 2016 and 2017 independent director compensation. No additional changes were made to the independent directors’ compensation for 2017.

During the fourth quarter of 2017, FPL performed a peer group analysis which was utilized by our Nominating and Corporate Governance Committee to review and make informed decisions regarding our independent director compensation for 2018. No additional changes were made to the independent directors' compensation for 2018.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Since the beginning of fiscal year 2017, we have not entered into any transaction and there are no currently proposed transactions, in which we were or are to be a participant, the amount involved exceeds \$120,000, and any related person had or will have a direct or indirect material interest. We have adopted a written policy which provides that the approval of our Nominating and Corporate Governance Committee is required for any transaction involving us and any of our directors, officers or employees, or any entity in which any of our directors, officers or employees is employed or has an interest of more than 5%. Our Nominating and Corporate Governance Committee may take into account, among other factors it deems appropriate, due inquiries of disinterested members of management, disinterested directors and legal counsel.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers and all persons who beneficially own more than 10% of the outstanding shares of our common stock to file reports of holdings and ownership changes with the SEC and the NYSE. Based solely on our review of the copies of such reports furnished to us, we believe that during 2017 all applicable filing requirements of our directors, executive officers and 10% beneficial owners were made on a timely basis.

Audit Committee Pre-Approval Policies and Procedures

Our Audit Committee has adopted a pre-approval policy requiring that the Audit Committee pre-approve all audit and permissible non-audit services to be performed by Ernst & Young LLP. Any proposed service that has received pre-approval but which will exceed pre-approved cost limits will require separate pre-approval by the Audit Committee. The Audit Committee has delegated to its chair the authority to grant the required approvals for all audit and permissible non-audit services to be performed by Ernst & Young LLP, provided that the chair reports the details of the exercise of any such delegated authority at the next meeting of the Audit Committee. All services performed by the independent registered public accounting firm in 2017 were approved by the Audit Committee pursuant to its pre-approval policy.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The following report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any of Sunstone's filings under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent we specifically incorporate this report by reference.

The Audit Committee (the "Committee") of the Board of Directors of Sunstone Hotel Investors, Inc. ("Sunstone" or the "Company") is composed of three directors, each of whom meets the independence and other requirements of the New York Stock Exchange. Andrew Batinovich, Z. Jamie Behar and Keith P. Russell all qualify as "audit committee financial experts."

Management of Sunstone has responsibility for preparing the Company's financial statements, including the Company's internal control over financial reporting. Ernst & Young LLP, acting as independent registered public accountants, is responsible for performing an audit of the Company's annual consolidated financial statements in accordance with generally accepted accounting principles (GAAP) and for issuing a report on those statements. Ernst & Young LLP also reviews the Company's interim financial statements in accordance with applicable auditing standards. Ernst & Young LLP also is responsible for auditing Sunstone's effectiveness of internal controls over financial reporting and issuing a report thereon. The Committee is responsible for the integrity of the Company's financial statements and internal control structure on behalf of the Board of Directors. The Committee met four times during 2017, including meetings regularly with Ernst & Young LLP and the internal auditor, both privately and with management present.

In fulfilling its oversight responsibilities, the Committee reviewed and discussed with management and Ernst & Young LLP the audited financial statements for the year ended December 31, 2017 as well as the interim financial statements for the periods ended March 31, 2017, June 30, 2017 and September 30, 2017. These reviews included a discussion:

- of critical accounting policies of the Company;
- of the reasonableness of significant financial reporting estimates and judgments made in connection with the financial statements, including the quality (and not just acceptability) of the Company's accounting policies;
- with the Company's internal and independent auditors of the scope for their respective audits, the results of their respective reviews and their evaluations of the overall quality of the Company's internal controls and financial reporting;
- of the written disclosures and the letter from Ernst & Young LLP that is required by the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence; and
- of the potential effects of regulatory and accounting initiatives on the Company's financial statements.

The Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU Section 380), as adopted by the Public Company Accounting Oversight Board, or the PCAOB, in Rule 3200T. In addition, the Committee has received the written disclosures and the letter from the independent accountant required by applicable requirements of the PCAOB regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with the independent auditors the auditors' independence from Sunstone and its management, including the matters in the written disclosures and letter required by applicable requirements of the PCAOB.

Among other matters, the Committee also:

- reviewed the level of fees paid and engaged the internal and independent auditor and appointed Ernst & Young LLP to serve in the capacity of independent auditor during 2017;
- reviewed Ernst & Young's performance, qualifications and quality control procedures;
- reviewed and approved the Company's policy for the pre-approval of audit and permitted non-audit services by the independent auditor and reviewed and approved fees and services;
- consulted with management and Ernst & Young LLP with respect to the Company's processes for risk assessment including meetings with the Chair of the Committee and the lead audit partner;
- reviewed significant legal developments which affect or could affect the Company;

- reviewed communications from and management’s responses to governmental agencies for matters of material significance;
- reviewed and approved the type and presentation of information, including earnings guidance, to be included in the Company’s earnings releases and financial supplemental disclosures; and
- reviewed and responded to any calls placed on the Sunstone Business Conduct and Ethics Line.

Members of the Committee are not full-time employees of Sunstone and are not performing the functions of auditors or accountants. As such, it is not the duty or responsibility of the Committee or its members to conduct “field work” or other types of auditing or accounting reviews or procedures or to set auditor independence standards. Members of the Committee necessarily rely on the information provided to them by management and the independent accountants. Accordingly, the Committee’s considerations and discussions referred to above do not ensure that the audit of the Company’s financial statements has been carried out in accordance with U.S. generally accepted accounting principles or that the Company’s auditors are in fact “independent.”

In reliance on the reviews and discussions referred to above, and subject to the limitations on the role and responsibilities of the Committee referred to above and in the Committee charter, the Committee recommended to the Board of Directors the inclusion of the audited financial statements in Sunstone’s 2017 Annual Report on Form 10-K for filing with the Securities and Exchange Commission.
